The installation will take place on Dec. 23. After the business was completed the lodge adjourned to the McCallen House where they sat down to an elegant supper such as only Mrs. McCallen can prepare.

BABYHOOD.—This is the name of a new Monthly Magazine just published in New York. This new periodical devoted principally to the nursery and the care of children which it discusses from a scientific stand point and practical experience. Truly no subject should receive more attention than the care of the little ones. The projects of this Magazine deserve credit for their laudible undertaking. In the December No. which we received there are many valuable hints to parents worth many times the subscription price of the publication. Price of the subscription \$1.50 per year, 15 cents single copy. All communications should be addressed to Babyhood 18 Spruce Street N. Y.

PHRENOLOGY A SCIENCE.—Professor McDonald a traveling phrenologist lecturer, has been making plenty of fun for the boys and girls, with profit to himself. He held forth at the court house the greater part of last week and closed his engagement there Monday night, on the subject of courtship and marriage, which terminated with the physical encores of mating the young couples. In this the professor made some happy hits and it was quite amusing to see the love lit glances that passed one of the bashful swaines when placed in juxtaposition to his fair duenna and to watch the crimson hue that chased the polor from the maid's cheek. Her complexion was not purchased at the Drug store either.

BADLY FRIGHTENED.—Saturday last, when busy with the paste pot carefully doing up our foreign exchanges, he unconsciously entered our office, a look of vengeance diffused his countenance and overpowered his entire visage. He held up an INDEPENDENT and pointing with his index finger, asked in a voice of thunder, who is responsible for this. Just at that moment our type leveled the Ruler would which lay on a table in the further end of the room where it had been doing service to weight down the paper and coolly struck a match at that moment the paper dropped from his hand, he jumped through the door, landed in the middle of Main Street and struck a bee line for his place of business without another word. We stopped, picked up the paper to see what great crime we had committed and lo and behold it was Caro Bros. new advertisement.

OUR CLIMATE.—The Umpqua valley is without question the most pleasant climate on the Pacific slope surrounded as it is on all sides by mountain ranges, we are not subject to the extremes of heat and cold that pervades other sections of our country. With our gradual elevation from the sea and our numerous small mountains and valleys almost any desired altitude can be found within the limits of Douglas county. Situated as we are midway between the wide Willamette on the north and the Sacramento valley on the south, our humidity and rain fall is a mean between the two. The cold wave from the south which struck us last week has passed on followed by the gentle rain which has in its turn given place to the glad sunshine, and here we are in mid winter in our shirt sleeves with the green fields robed in their cornet of flowers all around us; while our neighbor just across the Calapoia are shivering with cold, their farms snowed under, and on the south of us they are suffering from a drought.

The most terrific snow storm that ever visited Oregon, was raging north of the Calapoia mountains this week. The trains were stopped from Monday until Thursday evening. Fourteen inches of snow, sleet and hail fell in Portland and the Willamette Valley. The accumulation of ice broke down many miles of telegraph. The cold was most intense during the week, water tanks and pumps froze up so that it was difficult to procure water for engines. Fruit and Forest trees were broken down in great numbers. In Eastern Oregon the cold was most intense; railroad lines were completely blocked up and travel suspended. The Umpqua Valley has escaped with heavy rains and comparatively warm weather.

Jonas Flournoy found a number of his fine sheep dead in his pasture, last Monday, upon investigation he discovered that they had been shot with buck shot. It is not probable that they were shot by any hunter through mistake but was evidently the work of some evil disposed person.

Senator O. Simon of Portland has prepared a registry law which he proposes introducing before the next legislature. Such a law is needed in Oregon and especially for Portland and care is required in order that the law may not afford greater opportunities for fraudulent trading than what exists at the present time.

Would it not be a good idea to change the law relating to marriage licenses so that the Clerk could leave the names of all prospective bride and grooms. Girls are apt to change their minds at times which would explain why a number of licenses issued within six months have been returned. If the Clerk could only leave the names alone—what a nuisance it would be, and what a waste of money and trouble or expense of getting another license—and it would be just as good.

A Letter Found.

The following letter was found in Rosburg a few days since, where the friend to whom it was sent had no doubt placed it. The owner can have the same by calling at this office (and telling who "A" is):

San Francisco, Sept. 6th.

Friend: Will you please write me and say what is the matter with A—, have not heard from him at all. Is it possible that I must be compelled to wait "another while" before he keeps his promise. I think it is really outrageous—eh?

But, "O, I am a woman" and women are always compelled to wait man's pleasure—they are nuisances on a way—women.

You will oblige me very much by sending a prompt reply to this.

Destroy this.

Truly,

JEROME—enl

The Best Evidence.

Of the merits of a remedy is the effect on the system, so there can be no doubt that the California Fig Syrup Company is pursuing the wisest plan possible to make known the wonderful efficacy of Syrup of Figs for all the ailments arising from an inactive condition of the Liver, Kidneys, Stomach and Bowels, in giving away sample bottles free of charge. Ask our enterprising druggist, S. Hamilton, for a free sample bottle, or you can buy large bottles for fifty cents or one dollar.

A Life Saving Present.

Mr. M. E. Allison, Hutchinson, Kan. saved his life by a sample Trial Bottle of Dr. King's New Discovery, for Consumption, which caused him to procure a large bottle, that completely cured him, when Doctors, change of climate and everything else had failed. Asthma, Bronchitis, Hoarseness, severe Cough and all Throat and Lung diseases, it is guaranteed to cure. Trial Bottles free at S. Hamilton's Drug Store. Large size one dollar.

"REPUBLICAN papers all over the country are more convinced than ever of the treachery of St. John and make no bones of accusing him of selling out body and soul to the Democracy. The price was \$35,000 and \$50 per every speech. It seen however, that he didn't get all his money, as the campaign fund gave out, leaving the apostle of treachery among the creditors."

If the Democrats were to pay St. John \$35,000 for his campaign. How much did the Republicans pay Butler and his adherents as the price of his treachery. St. John did not attend the Republican convention as a delegate as did the defunct old Judas Benjamin the Democratic council in order to betray them will these wise exchanges rise and explain.

HORACE STEPHENS, the defaulting clerk of the Surveyor General's office, A. D. January, the gambling Assistant Treasurer and D. M. Burns, ex-Secretary of the State, are locked up in the Sacramento Jail awaiting the procurement of bonds for their release. A very festive trio of ex-State officials they are, and gaining more notoriety from their incarceration than they acquired by their political achievements.

SENATOR Ingalls declares that it would be more economical for the government to buy the entire crop of Louisiana sugar, and either give it away or throw it in the Gulf of Mexico, than to maintain the present tariff for the sake of protecting the sugar.

All in the Line of Nature.

There is nothing in the line of magic or mystery about that wonderful and popular medicine, Parker's Tonic. It is simply the best and most scientific combination possible of the essential principles of those vegetable cultivars which act powerfully and directly on the stomach, liver, kidneys and blood, but there neither is, nor will be, any successful imitation of it. It is all the time curing those who had despaired of ever getting well. For yourself, your wife and children.
